Wedge Wire Screen Baskets for Slat Industry

Introduction

Conical type centrifuge baskets suit most existing centrifuges, having precise slot apertures, high mechanical strength and excellent corrosion resistance, widely used in the potash industry on the primary product grade KCl.

Materials of Construction

Our wedge wire baskets are manufactured by high grade stainless steel (304, 316, 316L) wedge wire and carbon steel frame and flanges. High quality materials, accurate apertures and maximum open areas ensures that our centrifuge baskets provide optimum dewatering and low wear characteristics.

Idea for	Screen Size	Features & Benefits
- Potash industry - Slat industry	- C 1000 - C 1500 - HS 1300 - HS 1400	- Optimum dewatering - High resistance to abrasion - Fast and easy installation - Low maintenance, easy to clean

Technical Parameters

When ordering, please specify:

1. Wedge Wire Screen Type

Wedge wire screen baskets

2. Slot Hole

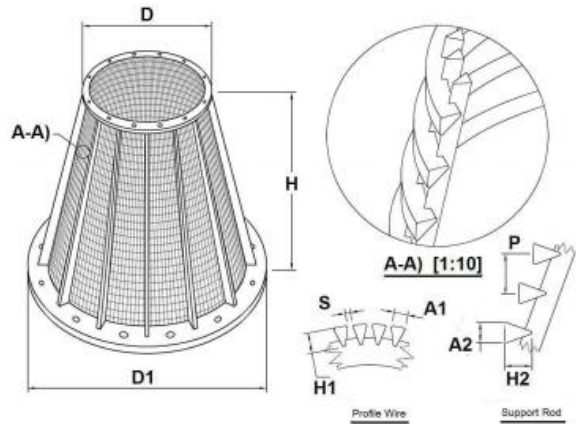

3. Profile Wire

Triangle wire

4. Support Rod

Triangle wire, round rod, flat bar, wedge wire

5. Support Rod Pitch

Wedge Wire Screen Baskets
